

PROJECT 150

Celebrating 150 Years of St Helen's Church

Building for the Next 150

To mark our 150th Anniversary we are launching Project 150.
This is a once-in-a-generation investment to make our church more welcoming, accessible and ready for the future.

As we celebrate 150 years of worship, community, and faith, your support will help ensure our church continues to serve everyone - today and for generations to come.

What Your Support Will Fund

Building Phase 1

- Accessible entrance ramp
- New doors

Safer, warmer, more welcoming

Building Phase 2

- New kitchen facilities
- New toilet facilities

Including fully accessible toilets

Our Fundraising Target: £100,000

Follow our progress by watching the fundraising thermometer in the Church Hall and see how close we are to our goal!
